

## RMWEA/RMSAWWA Joint Laboratory Practices Questionnaire

This questionnaire has been developed to determine the laboratory needs of the water and wastewater members. Your answers will help the RMWEA/RMSAWWA sections develop training programs and advocacy goals for its members. When complete please email the file to my attention: Edward F. Askew, Laboratory Practices Committee Chair, [efaskew@hotmail.com](mailto:efaskew@hotmail.com)

1. Name:
2. Address:
3. Phone:
4. Email:
5. Work in a Water Plant Yes \_\_\_ No \_\_\_
6. Work in a POTW Yes \_\_\_ No \_\_\_
7. Work in Other Yes \_\_\_ No \_\_\_
8. Operator Yes \_\_\_ No \_\_\_

**Questionnaire Table: Please review the questions and rate your needs in each area**

Rating 1 Through 5, 1 being the lowest, 5 being the highest.	5	4	3	2	1
The section needs to provide basic laboratory training for water and wastewater .					
This basic technical training should be within easy driving distance.					
This basic technical training should be offered as a distance video training at a local community college.
